

Adult Skills & Family Learning Service

LCC photography guidelines 2020

Lincolnshire County Council's Family Learning service uses photographs and videos for printed publications and online (www.lincolnshire.gov.uk / www.2aspire.org.uk)

Lincolnshire County Council has put together a photographic archive. All pictures used for any council purposes require written consent which the learner provides via signing their consent on this form. Vulnerable adults will require the form to be signed by a parent, guardian or someone in a carer's position.

This allows the council to keep a record and clarify the person's agreement to having their picture taken. Where consent has not been provided pictures will not be used in any situation at all.

Copyright

The copyright of a photograph belongs to the photographer. This remains valid for a period of 70 years after his/her death. Therefore, we will not use any pictures without the consent of the copyright holder including those on the internet, in books or in any publications.

Please sign below to confirm your consent to us using your photograph for publicity purposes or on our website as part of a learner's video submission. (Please note photographic files will be stored within the Lincolnshire County Council Media Library for five years).
